 - corrugated structural plate, 399
 - corrugated structural plate pipe, 399
- Articulated Block Revetment Mats, 135
- Award, definition, 2

B

- Backfill
 - controlled low-strength material, 491
 - for base course widening, 75, 180, 182
 - for catch basins, manholes, inlets or valve vaults, 502
 - for concrete gutter, curb, median and paved ditch, 512
 - for corrugated structural plate drainage structures, 414
 - for electrical work, 655
 - for french drains, 498
 - for hot-mix asphalt shoulders, 75
 - for pipe culverts, Method I, 436
 - for pipe culverts, Method III, 442
 - for pipe drains, 495
 - for pipe underdrains, 495
 - for sight screens, 534, 538
 - for sign foundations and supports, 597, 607
 - for storm sewers, 460
 - for structures, 291
 - for underground storage tanks, 559
 - for vaulted abutments, 484
